

#### **FOSTRE'S EXECUTIVE CHEF TOH THIAN SER**

One of the most celebrated chefs in Singapore, Fostre's Chef Toh's career spans 3 decades and has taken him on an extensive tour of duty from top international hotels all over the world. A believer that quality food "is not necessarily expensive but more about the freshness, taste and value of the dish", Chef Toh's first rule of good cooking is "Experiment. Experiment. Experiment!"

"My years of experience have taken me through many experiments on method, timing, temperature and taste. For example, the exact timing to flip over a steak on the right temperature of grill is not by chance, it is a result of knowledge gained after years of experimenting."

Creating an extensive range of menu choices, Chef Toh is also an expert at various cooking styles, from Western to Asian and Fusion as well. Starting with Western cuisine which taught him the fact that feasting is for the eyes as much as it is for the palate, Chef Toh then grew to learn about the strengths of food preparation and cooking styles for Asia and Europe. "In my career, I have been blessed with the opportunity to cook for, with and learned from the best chefs in the different regions of the world. That makes me a very lucky well-rounded chef."

And with a top chef behind it, Fostre is more than just any other caterer; it's the caterer of choice for couples wishing to have a celebration of the senses with quality food that brings people together again and again.
